ABOUT

INTERNATIONAL CONTEMPORARY ART FAIR ARTVILNIUS'24

The 15 edition of ArtVilnius'24 will be held in the Exhibition and Congress Centre Litexpo on 4-6 October 2024. The 12,000 square meters of the largest exhibition and conference center in the Baltic States Litexpo space allows the fair architects to plan modern solutions for the layout of the stands each year, and the participating galleries are given a considerable area of 28-49 square meters each.

Last year's ArtVilnius was attended by 70 art galleries and institutions and 320 artists from 18 countries (Ukraine, Germany, Estonia, Latvia, Lithuania, France, Denmark, Poland, Sweden, Sakartvelo, the Netherlands, etc.) A similar number of participating galleries is planned to be selected by the fair's selection jury this year as well.

ArtVilnius maintains its format and in addition to the main program of art galleries, it presents the Project Zone with the collections of world-renowned artists, museums, and art foundations and institutional expositions (curated by Valentinas Klimašauskas). The exhibition of sculptures, installations, and performances Takas (The Path) will also be open. The tradition of selecting the best galleries and artists will continue, with a program of discussions, lectures, talks, and other additional events.

This year, the focus is **Northern Europe**, to whom, according to UN geoscheme classification, the Baltic states are also prescribed. However, regions are never homogenous. They usually manifest specific values, but also they contain contradictions and struggles. Classification, territories, and borders are more porous, heterogeneous, and shifting than they appear at first sight. For example, using different geographical, political, historical, or other calculations, Lithuania or the Baltic States can be classified as Central, Eastern, or Northern Europe. Thus let's consider this invitation an opportunity to reconsider the aesthetic, political, statistical, or other agencies.

The organizer of ArtVilnius is the Lithuanian Art Gallerists' Association, Fair's director - Diana Stomienė. ArtVilnius is funded by the Lithuanian Council for Culture, the art fair's patron is Vilnius City Municipality.
